WHAT OTHERS SAY

"These five days at Journey Horse have been extraordinary. I went into the workshop wanting to explore my deep yearning for partnership, with whom or with what, I did not know. In the course of the program this yearning opened up into an awakening of all my senses and a more accurate attunement with the world in and around me. I experienced directly and know that living fully in my body is the essential ingredient for authentic leadership-leading others and leading myself."

"...what I experienced this summer with Trish was a spectacular experience that changed my life and my clients' lives."

Making a Friend of Time with Trish Broersma

Join us for five days in beautiful hills of Ashland as we explore the mystery of time in this significant year of the Mayan calendar. Ventures into the past and future will offer fresh approaches to current challenges for ourselves and our world. Our horses will join and enhance our studies, including liberty training experiences and professional development in the practice of Equine Facilitated Learning. This is the new Journey Horse work for 2012 that will unfold further at Journey Horse Australia in November.

Beginner horse experience required. Maximum eight participants. No riding, ground work only. For added benefit, bring your own horse, if desired (boarding fees additional).
