A twelve-day seminar in the extraordinary West of Ireland at An Sibin Riding Centre. We begin with five days of Journey Horse: in-depth partnering with a horse through liberty work enhancing explorations into the Celtic myth and magic that resides in this land, inspired by words of John O'Donohue & others, with visits to O'Donohue's resting place and nearby sites such as a castle and Holy Island via boat, followed by a six-day ride cross-country, staying at B&Bs along the way. We will ride for about 140 miles from County Galway westwards through the rural areas of County Clare into the unique Burren region and on to the rough Atlantic coast overlooking the spectacular Cliffs of Moher.

May the nourishment of the earth be yours,  
may the clarity of light be yours,  
may the fluency of the ocean be yours,  
may the protection of the ancestors be yours.  
And so may a slow  
wind work these words  
of love around you,  
an invisible cloak  
to mind your life.

—John O'Donohue

Journey Horse has been a catalyst in my life for exploring, encountering and enhancing new dreams, new visions, wisdom and beauty. The Horse Allies provided the energies of grounding, anchoring, harnessing and focusing. "Human," Teacher, Ally, Trish modelled, encouraged, inspired me to be willing to become an artisan in creating a more loving and compassionate, powerful life.

As a senior HR professional and a clinically trained psychologist, research, science and results have been the foundation of my learning. I attended Journey Horse wondering how these majestic creatures could teach me, reach me or change my way of being, more out of curiosity than a distinct quest. What I experienced with the wise, gentle and powerful guidance of Trish was a transformation....her skill, knowledge and passion to encourage growth and change are profound and special.
